ABOUT US

ABOUT THE MITTAL & BROTHERS

We, Mittal & Brothers, Delhi, are one of the renowned Wholesale Traders and Distributor of Electric Cables, Armoured Cable, Telephone Cables and Fire Survival Cable. These products are widely acknowledged owing to their durability and ease of installation.

Backed by our team of expert procuring agents, we ensure that the products are sourced from trusted vendors of the market. They make sure that the products are in compliance with the requirements of our clients and are at par with industry standards. We strive to understand the needs of our clients, and get our range modified accordingly. Our associations with C&F agents help us in timely and hassle-free delivery of our range.

The impetus for the growth and success of our organization is the support and encouragement from our mentor, **Mr. Gaurav Mittal**. He has valuable industry expertise and in-depth knowledge in this domain. Under his able guidance, we have acquired a rich client base across the nation.

VISION

To become India's most trusted distributor of premium electrical cables and wiring solutions by delivering exceptional quality, reliability, and customer satisfaction. We aim to build lasting partnerships through innovation, integrity, and excellence.

WAREHOUSING & PACKAGING

To store our wide range of electric wires and other accessories, we have set up a capacious warehousing & packaging. The unit is well segregated that helps in effective storage and easy identification of our products. We have employed a dedicated team of experts who carefully label the products to facilitate easy inventory processing and ensure safe storage of our range.

The packaging experts ensure that the products are packaged properly so that these remain damage-free during transit. These are packed with the use of quality packaging material, which is in accordance with the industry standards. The packed products are finally dispatched to our C&F agents for timely deliveries at the clients' premises.

MISSION

To provide high-quality electrical cable solutions from trusted manufacturers with timely delivery and competitive pricing. We are committed to exceeding customer expectations through dependable service, ethical business practices, and continuous improvement.
